

Springfields First School 25/09/2020

Today I have had the pleasure of handing out Headteacher certificates for being a good role model, perseverance in maths, being a good friend, settling well at their new school and super writing. It is always fantastic to see the achievements of our pupils and how much they are enjoying learning.

Covid19

Please see the attached letters and information from Staffordshire County Council.

Remote Learning

The teachers have sent out new QR codes to each child. If you are still having difficulties getting on to the site and navigating to the homework area please email your class teacher.

Parking

The residents of The Green across the road from the school have politely asked that parents do not park in front of their drives.

The school gates are closed but not locked. If the entry gate is closed please do not enter via the exit gate. After school hours the gates can be left open however during school hours the gates must be closed after entry or exit to the site.

Well done to all those KS2 pupils who are leaving their parents at the main gate and walking up the path on their own.

School Photographs

Althea Simpson has rearranged the school photographs for Monday 5th October AM. Where there are siblings in the school she will also take their photo together. However we cannot take sibling photos where any of the children are not at Springfields.

Positions available at Springfields First School
