

End of Year Report for Music 2026

Curriculum Overview

This year, the school continued to use the Sparkyard curriculum for music lessons. This scheme has proven effective, offering high-quality songs and resources that support the progressive development of musical skills and knowledge from Reception through to Year Four.

Instrumental Lessons

In addition to the curriculum, Year Three and Year Four pupils received recorder lessons delivered by their class teachers.

Children in Years Two, Three and Four also had the opportunity to take part in keyboard and guitar lessons taught by Entrust music teachers. These sessions were thoroughly enjoyed by the pupils. A concert was held for the keyboard players and lots of parents enjoyed their children performing and showing their talents! Thanks to the Entrust music teachers for their hard work.

Starting in September 2025, Entrust music lessons were extended to include Year Two pupils. This will continue for the next academic year.

In September we are thrilled to be offering Rock Steady lessons into school. The company came into school and performed a fantastic lively assembly for the children and as a result some children signed up for lessons in September. We will have the opportunity to offer one free place for a child for the year. We will be able to assess the lessons at the end of the Autumn term to see if school wants to continue for the rest of the year.

Performances

The Springfields Singers performed for two different community groups this year. These events were a highlight for both the children and the audience. The pupils represented the school with excellent behaviour and enthusiasm!

Priorities for the Next Academic Year

Encourage more live music to be performed in school.

Continue to assess the Sparkyard music curriculum.
